

Dr. Rockman - Greenberg Presents Webinar to SHSM Students

Friday, January 12th was an exciting day at St. Joseph's Catholic High School in St. Thomas, ON. Students in Mrs. Michele Laframboise's Health and Wellness

Specialist High Skills Major program took part in a webinar with Dr. Cheryl Rockman-Greenberg as their teacher. Dr. Greenberg, who is being inducted into the Canadian Medical Hall of Fame this April, shared some information about the newborn screening process, genetics and careers within the medical profession.

Earlier in the day, Mrs. Laframboise presented a lesson on hypophosphatasia and Jennifer Boin, one of the directors of Soft Bones Canada, outlined the importance of patient advocacy groups and the struggles and triumphs that go along with having HPP and with being involved in a non-profit patient advocacy group.

Soft Bones Canada™ continues to look for new and interesting ways to educate, empower and connect! If you have an idea, or would like to learn more, please contact us at contactus@softbonescanada.ca
